

**Cherry Grove Friends Church**  
**Unescorted Groups Facilities Use Policy**

After time and experience with your group, Cherry Grove has decided that your continued respectful use of our facilities gives us comfort and trust in allow you to use the facility unescorted by a representative of Cherry Grove. In light of this trust, we ask you to abide by the following additional policies and requirements.

**Policies and Requirements**

1. All items from the Cherry Grove Facilities Use Policy group remain in force.
  2. Use of the facility remains limited to the days and times originally scheduled. If there is a need for a change to the current schedule, it will need to be agreed to by the Stewards Committee prior to the change occurring. Contact the church office at 360-687-3159 to make this request.
  3. Cherry Grove events still have priority in scheduling. In the case that Cherry Grove needs to schedule an event with conflicting times, you will be contacted and plans will be made to accommodate your needs as best as possible.
  4. A key and an alarm code to use in opening and closing certain areas of the facility will be assigned to the leader of the group, along with instructions on how to use the key and alarm code. The group is responsible for any costs that may arise from false alarms caused by the group.
  5. Access into the nursery area of the church building is solely for disarming the alarm system and access to rest-rooms. The nursery shall not be used as a nursery or a separate meeting area.
- Authorization for use of the facilities may be terminated immediately for violation of any of these policies and/or requirements. Additionally, authorization may be terminated if building use or cleanliness is unacceptable or disrespectful of the facility or Cherry Grove's standards. Authorization for use of the facilities may be terminated immediately if unsafe conditions are left for the building.

I have read, understand, and accept the church policy for unescorted building use:
