### Stewards –

Rob King: we cut costs in garbage collection by \$150-175/year; no water hook-up yet due to a misapplication of payments at Clark Public Utilities – will be remedied; this Friday Bob Horne will be coordinating the planting of 120-150 trees on the property – if you wish to join in the effort contact Bob; still working on the light fixture retrofit; April 18 is the next scheduled work day at the church; we are in need of a new riding mower so that is a goal for the committee; heat adjustments needed in the Friendship Center to accommodate users – pre-heating needed prior to use in cold weather, heat being left on with windows open during certain uses – considerations will be made.

### Clerk -

Rob Woodard: Prayer request - Christian Ed is entering a process of goal setting and refocusing, with first meeting of process this upcoming Friday – prayers are appreciated for the process; noticed that meeting attendance has become slim – ask for prayerful consideration as to what God might be saying regarding this.
